Don't copy the behavior and customs of this world, but let God transform you into a new person by changing the way you think. Then you will learn to know God's will for you, which is good and pleasing and perfect.

Pray!

When Paul started on his journey, he had no idea that he was going to be shipwrecked! But even facing a shipwreck, Paul had faith that God would provide for him. Sometimes we can see something big coming up, but sometimes they surprise us. In the footsteps below, write down some big things you want to trust God with. Some of them might happen this week: a big game or test. Some might be far off, like which college to pick. As you write, tell God you are trusting Him to guide your steps, no matter what comes!

Journal Prompt

Answer the questions in the space below:

- How has the Holy Spirit started to change the way you think, speak, or act?
- How would you like the Holy Spirit to change you in the future?

Read the Word!

- Day 1: Acts 27:7-26
- Day 2: Acts 27:27-44
- Day 3: 2 Corinthians 11:23-31
- Day 4: Psalm 89:8-13
- Day 5: Psalm 9:1-10

Put it into Action!

With your parent's permission, get a drinking glass and an index card or piece of cardboard. Fill the glass over half-way with water and gather your family together. Demonstrate how you can put the card over the opening to the glass, turn it upside down, take your hand away, and the water doesn't come out.

Ask your family the following discussion questions:

- **Did you trust me that I wouldn't spill the water?**
- **What things are easy for you to trust God with and what things are hard for you to trust God with?**
- **When you are having a hard time trusting God, what do you do?**
