### Pray!

This week, we learned that Paul prayed for the Ephesians, that God would empower them with strength through His Spirit.

This week, pray for strength for yourself and those you know who are also following Jesus. Pray for your "roots to grow down into God's love and keep you strong." And, pray that you would "understand how wide, how long, how high, and how deep His love is." (Ephesians 3:16-18)

## Journal Prompt

Gather the family together. For each person, think of something that used to be true for them, that is no longer true. For instance, maybe there's a food they used to hate that they now like. Maybe they have a new favorite movie, tv show, or book. Maybe they have gotten better grades or one of their talents have improved.

With each change you notice in each other, guess at why the changes took place. **Some changes come naturally, by growing out of phases or styles, and some changes take work, like improved grades or stronger talents.**

As a family, think of how you would like to grow spiritually over the Summer. Put in place a habit you can start this week that would help you grow closer to Christ. Mark your calendar for a day in the first week of September, and gather again to evaluate how you've done in growing closer to Jesus.
